

KYOCERA AS A TOTAL SOLUTION

Kyocera provides rugged devices with targeted hardware and software capabilities along with a dedicated device lifecycle support system. Combined with their valued partner application and accessory ecosystems, Kyocera devices help address specific needs of businesses and government agencies.

HARDWARE
+ SOFTWARE
+ ACCESSORIES
+ BUSINESS SELECT
= A TOTAL SOLUTION FOR YOUR BUSINESS

HARDWARE

Kyocera's devices are built rugged from the inside out to withstand the harshest environments and mishaps. Incorporating cutting-edge technology and features designed to function in life's most demanding moments, Kyocera devices are the backbone of our Total Solution offering for industries whose workforce endures environmental challenges every day.

- Rugged Military Standard 810G and IP68 profiles
- Devices designed for Push-to-Talk (PTT)*
- Glove & Wet touch operation
- Noise Canceling technology
- Long-lasting batteries
- Non-Incendive, Class I, Div. 2, Hazardous Location Protection
- Dedicated SOS/emergency button*
- 100dB+ loudspeakers
- Programmable keys
- 2-Year Manufacturer's Warranty

**Requires 3rd party subscription*

Kyocera's rugged devices offer a lower total cost of ownership (TCO) than non-rugged devices by holding value for a far longer period of time than their non-rugged counterparts: they cost less in repairs and replacement, do not require expensive aftermarket cases, and – most importantly – function reliably in critical environments, ensuring that business can function without interruption.

SOFTWARE

Kyocera partners with a wide range of business application providers who offer solutions for Mobile Device Management (MDM), Push-to-talk (PTT), secure communication, fleet and asset management, worker safety, workforce management and other specialty applications that address niche use-case needs. Kyocera's dedicated in-house Solutions Team can help identify a mobility path to address business challenges and needs.

KEEP YOUR BUSINESS **MOVING**

Contact our Business Select team today and experience Kyocera's white glove treatment developed especially for our valued business customers. Choose from our suite of services to keep your employees connected and focused on the task at hand.

ADVANCED REPLACEMENT

Eliminate downtime. Receive replacement device before returning defective device. Choose overnight or 2-day delivery.

DEVICE CONTROL

The ideal mobile solution for businesses with small device pools where cloud-based device management is not required. The application provides control of device features without any monthly recurring charges.

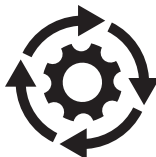

CUSTOM PROVISIONING

Let us configure your devices to meet your business-specific requirements – device unlock, software re-flash, pre-load contacts, apps and restrictions.

CUSTOM REPAIR

Receive user-ready replacement devices through our comprehensive repair, refurbishment and provisioning services.

LIFECYCLE MANAGEMENT

Convenient and seamless device management from set-up to end-of-life recycling, distribution, upgrades, repair, and employee turnover device reset.

FIRST RESPONDERS

With a dedicated toll-free number for qualified users, technical support and discounted service fees, registered First Responders now have a smartphone for emergency situations and everyday use.
