## DEVICE HIGHLIGHTS

### Ultra-Rugged:

MIL-STD-810H for dust, shock, vibration, temperature extremes, blowing rain, low pressure, solar radiation, salt fog, humidity, freeze-thaw and icing/freezing rain; IP68 dust and waterproof<sup>1</sup>; drop proof up to 1.5m (5 ft.) onto concrete<sup>2</sup>.

Protection in hazardous locations: Non-incendive, Class I, Division 2, Group A-D, T4.

### Usability:

Large font and clear display for superior readability.

Large, tactile glove-friendly keypad and buttons.

Convenient buttons at the top of the device for quick access to activate speaker phone and end calls or to advance to next channel when in PTT mode.

### Productivity & Connectivity:

Built for AT&T Enhanced Push-to-Talk (EPTT), use DuraXE Epic to communicate with your LMR network<sup>3</sup>, or clip it to your lapel in a holster for use as a remote speaker mic (RSM) and easily advance through channels in talkgroups using the programmable buttons on top of the device.

Cellular calling with HD voice and Mobile Hotspot with up to 10 connections.<sup>3</sup>

Eco Mode and Battery Care Mode to optimize battery usage and extend battery life.

Car Kit Power On/Off Mode to turn device on/off with ignition when installed in car cradle.

Wireless Priority Service with eMPS; Real-Time Text (RTT) support.

### Customization:

Customizable main menu to set frequently used applications.

Multiple programmable keys including SOS<sup>3</sup> key, PTT key for use with applications like AT&T Enhanced Push-to-Talk (EPTT)<sup>3</sup>, Speaker key, Call list key, and 4-way navigation keys.

Manage and restrict device features on employee's phones with Device Control.
