Highlights

1 Earpiece
Lets you hear the caller and automated prompts.

2 Main screen
Displays all the information needed to operate your phone.

3 MENU/OK key
Lets you access the phone's menus and select the highlighted choice when navigating through a menu.

4 Web key
Lets you launch the Web browser.

5 TALK key
Allows you to place or receive calls, answer Call Waiting, use 3-Way Calling, or activate Automatic Speech Recognition (ASR).

6 Side Camera Button
Lets you open the Photos menu when the phone is open. This key also allows you to mute the ringer when receiving incoming calls.

7 Microphone

8 Softkeys
Let you select softkey actions or menu items corresponding to the bottom left and right lines on the main screen.

9 Headset Jack
Allows you to plug in an optional headset for convenient, hands-free conversations.

10 Navigation key
Scrolls through the phone's menu options and acts as a shortcut key from standby mode. These keys can be reassigned to create customized shortcuts.

11 BACK key
Deletes characters from the display in text input mode. When in a menu, pressing it returns you to the previous menu. This key also allows you to return to the previous screen in a data session.

12 END/POWER key
Lets you turn the phone on or off, end a call, or cancel your input and return to idle mode.

13 SPEAKER key
Lets you place or receive voice calls, activate ASR in speakerphone mode, or turn the speakerphone mode on or off during a call.

14 Outer Screen

15 Speaker
Lets you hear the different ringers and sounds. You can mute the ringer when receiving incoming calls by pressing BACK or the side camera button.

16 Camera Lens
As part of the built-in 1.3 MP camera, lets you take pictures.

17 Micro-USB Connector
Allows you to connect a compatible charging cable or USB data cable (not included).

18 Volume Button
Allows you to adjust the ringer volume or adjust the voice volume during a call.

Make It Large

In addition to the large, easy-to-use keypad with big numbers, Mirro allows you to quickly change the size of the font in most of the menus. Default font size is set to Normal, but it's very easy to switch to Large.

Note: Not all applications support the large font option.
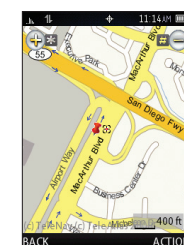

How to quickly change the font size

1. Press [menu/ok] > Options (right soft key).
2. Select Large Font and press [menu/ok].
3. Same procedure to return to normal font size.

Normal Font   *Large Font*

Navigation Capable

Mirro offers easy access to Navigation right from the main menu.

Navigation, an optional GPS application, provides audio and visual turn-by-turn directions with full color moving maps.
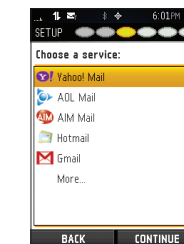

Navigation

Bluetooth

Supports wireless headsets, hands-free car kits, wireless printing, and vCard transfer.

How to Pair a Bluetooth Device

1. Press [menu/ok] > Tools > Bluetooth
2. Select Add New
3. Select the device you wish to pair with and press [menu/ok].
4. Enter the passkey of your device or the other's and press [menu/ok].
5. (optional) Edit the device name and press [menu/ok].

Mobile Email

Mirro supports "push" email from popular sites such as Yahoo!, Google, AOL, MSN as well as IMAP/POP3 accounts.

Media Mail

Sending Media Mail

You can send pictures to up to 25 people at a time using their email addresses or their phone numbers.

Sending Pictures From the My Album Folder

1. Press > My Album.
2. Highlight a picture to send and press.
3. Press OPTIONS (right softkey) > Send Media.
4. Select the recipient from the list or MULTIPLE for more than one recipient.
5. If you wish to include a text message, scroll to the Text field, and then enter your message.
6. If you wish to include an audio message, scroll to the Audio field, and then press RECORD (right softkey) > to record. (Maximum recording time is 10 seconds.
7. To set the priority, scroll to the Priority field, and then select High, Normal, or Low.
8. Confirm the recipients, message, audio memo, and pictures.
9. Press SEND (left softkey) to send the pictures.
